SKILLS

- **Java** (with **DSA**)
- **HTML, CSS, JavaScript, MongoDB**
- **Java AWT, Java Swing, Servlet application**
- **MySQL and JDBC**
- **Software Development, Git**
- **Python**
- **C++**

EDUCATION

- Computer Engineering, B.Tech | Bennett University   *CGPA*: *8.32 | 2026*
- XII (CBSE) |St. Josephs International School   *88.2%| 2022*
- X (CBSE) |St. Josephs International School   *89.8%| 2020*

ACADEMIC PROJECTS

- **Health Care System**
  Developed and implemented a comprehensive patient-focused database portal using JavaScript, HTML, CSS, and MySQL, capturing medication and appointment details for automated doctor notifications based on set timeframes, streamlining patient care and communication processes.
- **QR Converter**
  Developed and implemented a Python script to dynamically generate QR codes from text or links; customized QR code sizes and colors based on user requirements, enhancing user experience and engagement metrics significantly
- **EmployData**
  Developed a comprehensive employee data management system utilizing Java AWT, Java Swing, and event handling within a MySQL database environment.

ACHIEVEMENTS / HOBBIES

- 5 Star coder in JAVA and 3 Star in python on HACKERANK. ([HackerRank)](#)
- +37000 points with +1000 question solved on CODESTUDIO. ([CodeStudio](#))
- Top 40k coders in JAVA on HACKERANK.

- Top 72 Institute Rank on GeeksforGeeks. ([GeeksforGeeks](#))
